

## Meteorite 35 suspension

IP20    Regulable: 

### DISEÑO

Pio & Tito Toso

### ESPECIFICACIONES

"Meteorite originates from the pursuit of a new sensibility, a new expressive language for lighting blown-glass. The starting point was our fancy for Venetian "beaten" glass, for the grinding effect, and for the strong charm of the "unfinished" feel that such kind of process brings to glass. We designed a special glass-blowing and grinding process, which allows to obtain impressive lighting depth in the illuminated object, and to make this beauty accessible or - we might say - democratic." Pio e Tito Toso. A family of lamps comprised of four different types, with a double-layer artistic glass diffuser obtained by means of the craft still glass blow moulding technique followed by frosting.

### DISEÑOS TÉCNICOS

### CARACTERÍSTICAS

<b>Código del artículo:</b>	1702010A	<b>Material:</b>	Blown glass, technopolymer
<b>Color:</b>	white	<b>Serie:</b>	Design
<b>Instalación:</b>	Suspensión		

### DIMENSIONES

<b>Altura:</b>	cm 30.7	<b>Prueba calorífica:</b>	850
<b>Diámetro base:</b>	cm 15		
<b>Extensión máxima en altura:</b>	cm 125		

### LÁMPARAS NO INCLUIDAS

<b>Categoría:</b>	HALO	<b>Temperatura de Color (K):</b>	2900K
<b>Numero:</b>	1	<b>Class:</b>	A
<b>Potencia (W):</b>	150W		
<b>Lbs:</b>	G95		
<b>Soporte:</b>	E27		

### ALTERNATIVE SOURCES

<b>Categoría:</b>	LED
<b>Numero:</b>	1
<b>Potencia (W):</b>	21W
<b>Tipología:</b>	2
<b>Soporte:</b>	E27
<b>Class:</b>	A

### LUMINARIA

<b>Potencia (W):</b>	150W	<b>Flujo Luminoso (lm):</b>	1740lm
<b>Tensión de alimentación:</b>	220V - 240V	<b>CCT:</b>	3000K
		<b>Efficiency:</b>	73%
		<b>Efficacy:</b>	12lm/W
