ESPECIFICACIONES

"Meteorite originates from the pursuit of a new sensibility, a new expressive language for lighting blown-glass. The starting point was our fancy for Venetian "beaten" glass, for the grinding effect, and for the strong charm of the "unfinished" feel that such kind of process brings to glass. We designed a special glass-blowing and grinding process, which allows to obtain impressive lighting depth in the illuminated object, and to make this beauty accessible or - we might say - democratic." Pio e Tito Toso. A family of lamps comprised of four different types, with a double-layer artistic glass diffuser obtained by means of the craft still glass blow moulding technique followed by frosting.

CARACTERÍSTICAS

Código del artículo:	1706010A	Material:	Blown glass, technopolymer, steel
Color:	Blanco	Serie:	Design
Instalación:	Pie		

DIMENSIONES

Altura:	cm 177	Resistencia al impacto:	850
Diámetro base:	cm 32		

LÁMPARAS NO INCLUIDAS

Categoría:	HALO	Temperatura de Color (K):	2900K
Numero:	1	Class:	A
Potencia (W):	150W		
Lbs:	G95		
Soporte:	E27		

ALTERNATIVE SOURCES

Categoría:	LED
Numero:	1
Potencia (W):	21W
Flujo Luminoso (lm):	2452lm
Tipología:	2
Soporte:	E27
Class:	A

LUMINARIA

Potencia (W):	150W	Flujo Luminoso (lm):	1723lm
Tensión de alimentación:	220V - 240V	CCT:	3000K
		Efficiency:	72%
		Efficacy:	11lm/W
